Dear [NAME],

We were thrilled to hear that our democratic process is working across the state and that our elected officials have recognized the rights of parents to make decisions about their children's health and wellbeing. Our children have suffered learning losses from school mask mandates for far too long. As you know, SB739 was signed into law on February 16 and will go into effect on March 1. Our children will attend school on March 1 without masks. Consider this our official mask opt-out for our children.

Thank you,
