

TESTIMONY SUBMITTED BY KATELYN CONLON

(former NCAA athlete at the University of North Carolina)

Testimony for the North Carolina State Legislature

Tuesday, April 18, 2023

To North Carolina Lawmakers,

I am writing in support of the Women's Sports Bill SB631. As a former NCAA athlete at the University of North Carolina, I'm passionate about this topic so we can protect women's sports. As we all know, there are physical and biological differences between females and males that affect athletic performance. Having biological males compete against biological females is simply unfair giving the biological males advantages.

Thank you,
Katelyn Conlon
